

PP1  
 P110HS

| Product Description   |             | Applications   |      |                |
|-----------------------|-------------|----------------|------|----------------|
|                       |             |                |      |                |
|                       |             |                |      |                |
|                       |             |                |      |                |
| Properties            | Test Method | Test Condition | Unit | Typical Values |
| Physical properties   |             |                |      |                |
|                       |             |                |      |                |
|                       |             |                |      |                |
| Mechanical properties |             |                |      |                |
|                       |             |                |      |                |
|                       |             |                |      |                |
|                       |             |                |      |                |
|                       |             |                |      |                |
| Other properties      |             |                |      |                |
|                       |             |                |      |                |
|                       |             |                |      |                |

Note:

| Processing Conditions |  | Range |
|-----------------------|--|-------|
|                       |  |       |
|                       |  |       |
|                       |  |       |
|                       |  |       |
|                       |  |       |
|                       |  |       |
|                       |  |       |

Note:
